

KOMODO® VIGILANT®

PVAD® PERSONAL VOLTAGE ALERT DEVICE

TECH GLOVES THEY MIGHT SAVE YOUR LIFE

WHAT IS PVAD®?

PVAD® is your Personal Voltage Alert Device

PROVEN IN THE FIELD!

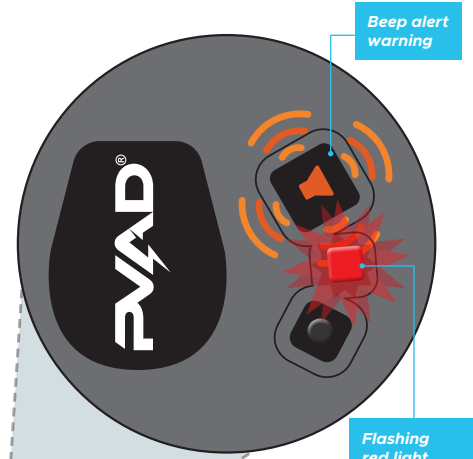

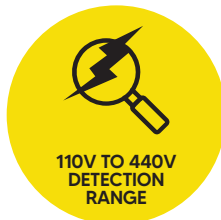

One week into our in-market trials, the PVAD® Tech Glove prevented an electric shock injury in three separate incidents.

PVAD® Tech Gloves aren't just your regular gloves.

They sense electrical hazards and alert you to the hidden dangers around you, without touching the circuit.

PVAD® Tech Gloves aim to eliminate electrical injuries with hands-free, continuous detection of live electricity right at your fingertips.

20% of trial participants reported PVAD® Tech Gloves prevented an electrical injury

Flashing red light is emitted when current detected

Undetected live current
